Middle School Decision Seen As Too Fast By Parental Group

By Frank Messina

From the start, the School Committee has sunk their teeth into the problem of handling overcrowded conditions in the Andover school system, now and in the future, and tried to worry the issue down to its essentials.

Judging from Monday night's public forum, they may be getting down to the bone of contention in record time.

What has parents worried is the suddenness which they say school officials sprang a plan to relieve rising student-teacher ratios and shrinking classroom facilities by rearranging the school system.

School administrators favor creating a sixth through eighth grade middle school and moving ninth grade students into a new, four-year Andover High School as soon as the next school year starting in September, 1988.

Although the school committee moved last week to assure parents that their concerns were being listened to, on Monday night, the predominately parental audience sent the committee an uncomplicated message that spelled out:

—Their concern over whether this year's fifth grade students can be prepared for middle school by next fall.

—Exactly what curriculum will be used to train the fifth grade children.

—What the psychological impact will be on the youngsters.

—Whether Andover High School will be overstrained by the influx of

a ninth grade class.

"I really feel this is a year-long process," Sally Wood, a mother of fifth and eighth grade students in the Andover system, told the committee. "I have a real concern that they won't be ready in time for September."

Myrna Schoen was one of several parents who angrily came down on school officials for pushing the issue too fast. "Had I been told last April or May, I would have been one of the ones saying 'this is wonderful!'," said Schoen. "But I resent being forced to quickly tell my child that there (will be) a change in his lifestyle."

Rhoda Dwight drew applause from the gathering when she asked school administrators exactly how they would prepare current fifth grade pupils in time. "If you can't tell me, then I'm afraid I agree with

Myrna," she said.

Committee Chairman Susan Poore pointed out that, like the Dec. 14 meeting, the questions could only be answered as they were brought up.

Superintendent Dr. Kenneth Seifert indicated he would be able to give parents the school system's game plan for preparing fifth graders for middle school next year.

Andover High Principal Wilbur Hixon candidly admitted that he didn't know the effect the extra students would have on the school. The new Andover principal told the audience he would spend the next two weeks studying the issue.

Monday's meeting started with a report from administrators, including each Andover school principal. Each principal addressed several options that administration was

Toys For Tots Program Successful

The Merrimack Valley Regional Transit Authority's second annual Toys for Tots program provided two area agencies with more than 500 new toys for the Christmas season. During the week of December 7-12, passengers deposited new toys in decorated boxes on buses and received a free bus ride. The authority also sponsored a holiday fair and used the proceeds to purchase additional toys and games.

Big Brothers/Big Sisters and the Massachusetts Society for the Prevention of Cruelty to Children are the agencies to receive the toys.

This year's program was well received by the community and MVRTA staff were pleased by the number and quality of toys received.

Hundreds of children will enjoy a much happier holiday season because of the generosity of area bus passengers and MVRTA staff.

Andover Resident Named Chief Of Pediatric Medicine

Andover resident Donald P. DeLollis, M.D., has been appointed chief of pediatrics at Lawrence Memorial Hospital of Medford by the hospital's board of directors on the recommendation of the executive committee of the hospital medical staff.

He will oversee the quality of care that patients receive in the pediatrics department.

"I look forward to furthering the Lawrence's commitment to maintaining top quality pediatric services," DeLollis said.

He has been a practicing pediatrician in Medford for more than 13 years. DeLollis is a graduate of Tufts University and earned his medical degree from the Tufts University School of Medicine in 1971. He completed his internship in pediatrics at the New England Medical Center and a two-year residency in pediatrics at the Boston Floating Hospital for Infants and Children.

Board certified in pediatrics, DeLollis is a Diplomate of the American Board of Pediatrics and a Fellow of the American Academy of Pediatrics. He has served as a clinical instructor in pediatrics at Tufts University School of Medicine since 1974.

DeLollis believes that education of parents and children is one of the most important things a pediatrician can provide.

Donald P. DeLollis, M.D.

"Better preventive care and anticipatory guidance has helped to decrease the number of children that must be admitted to the hospital," he said. "But it is comforting to know that an excellent pediatric service like the one at Lawrence Memorial is available when and if it is every needed."

Andover Resident Winner

Shirley Meinelt of Andover recently won a four-day, three-night all-expenses-paid Carnival Lines cruise to the Bahamas as the grand prize winner of Warren Five Cents Savings Bank's month-long promotion introducing its new Andover branch office.

Meinelt was officially presented with the grand prize by Stephen F. O'Sullivan, chairman of the board, president and chief executive officer of the bank, along with Kathleen E. Warren, manager of the new Andover office, and Howard Hering, president of Uniglobe Valley Travel, Inc., who arranged the trip for the bank. Eliminated

The Internal Revenue Service reminds taxpayers that the Tax Reform Act of 1986 eliminated some familiar benefits of tax law. Several of the most important changes are:

There is no longer a special adjustment to income for married couples who both have earnings from employment.

You cannot income average.

If you can be claimed as a dependent, you may not

claim a personal exemption for yourself on your own return.

You must include all unemployment compensation in income.

The added personal exemptions for persons 65 or older and for blindness are eliminated. However, an addition to the standard deduction has been created to offset this loss.

While charitable contributions can still be deducted, you must itemize to

do so. The itemized deduction for state and local sales tax has been eliminated. Other state and local taxes such as those for income, real estate and personal property remain as deductions.

Warren Five Cents Savings Bank, established in 1854, is a \$300 million Federal Deposit Insurance Corporation (FDIC) and Deposit Insurance Fund of Massachusetts (DIFM), insured bank, based in Peabody. It provides services to its customers on the North Shore through four branch offices and a loan center in Peabody. The bank also opened a loan center at 77 Main St., Andover, in July to introduce the bank to the area and begin to better serve its Merrimack Valley customers. The new branch office will offer all area customers the opportunity to conduct all of their business and personal banking at one convenient location.

do so.

The itemized deduction for state and local sales tax has been eliminated. Other state and local taxes such as those for income, real estate and personal property remain as deductions.

Dividends are taxable from the first dollar. The \$100 dividend exclusion for individuals (\$200 on joint returns) has been repealed.

The tax credit for political contributions is no longer in effect.

On December 9, 1842, Billy Egley designed and offered for sale in England what is now regarded as the first Christmas card created for mass circulation. It is preserved in the British Museum. Billy was only 16 at the time.

In the 1860s, a maker of billiard balls offered a \$10,000 prize to anyone who could come up with a substitute for ivory, his scarce and costly raw material. John W. Hyatt, a printer, did so in 1869. He mixed cellulose with nitrogen and camphor and created a substance named celluloid, the first plastic.

The Doyle family, Marion, Greg and 3-month-old Casey, of 315 River Road play Mary, Joseph and the child Jesus in West Parish Church's Christmas pageant Sunday evening. The annual pageant is sponsored by the Women's Evening Circle of the church.

Allison Sheehan, 5, gets a little help from father, Kevin, in adjusting her angel costume for the pageant. The Sheehans are from North Andover.

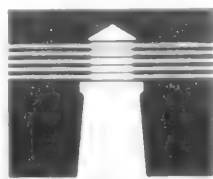

Katelyn Feeney, 11 months, daughter of Peter and Kim Feeney of Alderbrook Road, doesn't find the music of Mystic Brass, the musicians who played at West Parish, as appealing as the rest of the community seemed to.

Approximately 100 youngsters from the Greater Lawrence Community Action Council Child Care Center attended a special Christmas Party Dec. 15 sponsored by the Andover Marriott Hotel. The youngsters were entertained by a magician and then were provided Christmas cookies and milk. Highlight of the party was the arrival of Santa Claus and his helpers bearing gifts for each boy and girl. The gifts were provided by the Main Street Kids shop of Andover. William Skoglund, general manager of the Marriott, pointed out that this is the first Yuletide that the hotel has been opened and said he would like to a similar party for the local children held annually at the Marriott.

Club Activities Strong

By Sandra Barch

Club activities at Andover High School are going strong. One of the busiest groups is the Newspaper Club. The members are responsible for publication of the *The Rock*, the school newspaper named after the famous piece of granite in front of the high school.

The Rock contains up-to-date current events and issues that affect the student body. The Newspaper Club contributes articles to the paper and is in charge of photography, art and layout. The paper is four pages long and, so far, has been published once a month.

Now in its fifth year, the club is experiencing its most productive year. Members are submitting articles to *The TOWNSMAN* and *The Lawrence Eagle-Tribune* high school page on a regular basis.

Amy McNeil, senior, says, "Writing for *The TOWNSMAN* requires a sense of responsibility, but it's a good experience. It has taught me the importance of meeting deadlines."

Jane Comeau, senior, adds, "I love writing for *The Eagle-Tribune*. I plan to pursue journalism as a career and writing for a regional paper is really good experience."

"Hard Times"

Charles Dickens' "Hard Times," adapted for the stage by Stephen Jeffreys, will be presented January 8 through February 7 by the New Repertory Theatre, theatre-in-residence at the Newton Arts Center, 61 Washington Park, Newton.

Filled with Dickens' burning sense of social justice and compassion, this spellbinding story unfolds as Schoolmaster Thomas Gradgrind prepares his pupils for their start in life.

Profiles in Caring

Nursing at

Lawrence General Hospital

Anne Gregoire, R.N.

Family centered care is the focus of Maternity nursing at Lawrence General Hospital. In addition to providing physical care for their patients, LGH Maternity nurses teach parents how to care for their infants and try to prepare whole families for lifestyle changes.

"The support I'm able to give to people who are beginning a new way of life with their newborns makes nursing a very rewarding career for me," says Anne Gregoire, R.N., assistant head nurse on the LGH Maternity Unit.

Anne grew up in Spencer, MA, and graduated from David Prouty High School and the St. Vincent's Hospital School of Nursing, Worcester. A Lawrence General Hospital nurse since 1976, Anne was selected by her peers last May as this year's outstanding Maternity Unit nurse. She and her husband, Frank, live in Methuen. They have three children: Michael, 10; Jenny, 6; and Leanne, 4.

This is the ninth in a series of articles featuring Lawrence General Hospital nurses who have been selected by their peers as outstanding in their profession.

May Cap College Enrollment

Prospective Northern Essex Community College students may become victims of the college's own success.

"We may be forced to put a cap on new admissions for the first time in the college's 25-year history," President John R. Dimitry said.

He added that an "unexpected demand" for admission to the Haverhill-based public two-year college has stretched our resources to the limit. "There just isn't any more money in our state budget to hire additional faculty necessary to meet the needs of more day students."

He said extra faculty to staff approximately 35 to 40 classes would be needed in the spring in order to meet the needs of additional students.

The college was forced to spend more money than planned in September to hire additional faculty to meet the needs of a record-breaking fall enrollment of 4,100 day students, over 9 percent higher than the previous year.

There are more than 5,500 additional students taking evening courses.

Dimitry cited five major factors for the unexpected increase in enrollment: the reduced number of students dropping out of Northern Essex; the increased public awareness of Northern Essex's reputation as "an institution of excellence;" the widening financial gap between public and pri-

vate colleges; increased number of non-traditional students (older working men and women, ethnic minorities and part-timers); sharp increase in transfer applications from students at other colleges.

Dimitry pointed out that the college's Lawrence campus has a waiting list of more than 600 students expressing interest in programs that are either filled or not being offered because of lack of funds.

He said new applications for the spring semester are more than 20 percent higher than they were for the same period last year.

"We will seek to accommodate as many new students as possible but we can't provide for more than about 400 new day students in January. An increase of about 600 students in projected now," he said.

New students will be accepted on a first-enrolled, first-served basis. Spring semester registration for new students begins January 11.

The president said students who won't be able to enroll for day courses will have the opportunity to take courses in the evening. Evening courses, however, are not subsidized by the state and tuition is necessarily higher than the day division rate.

The possible cap on enrollments does not affect any of the evening courses offered by the division of continued education and community service or by the Center for Business and Industry.

Average price of a gallon of diesel fuel is \$1.041 for self-service and \$1.154 for full-service.

New Jersey recorded the lowest statewide prices, averaging 99.4 cents per gallon. Motorists in the District of Columbia will pay the highest prices with an average of \$1.178 per gallon.

Forty-three percent of service stations will maintain normal operating hours during the Christmas and New Year's holiday weekends. Twenty-five percent will remain open 24 hours.

AAA's fuel gauge report is based on a survey of 5,000 service stations along major travel routes throughout the continental United States.

Gas Prices Dropping

The 25 million motorists expected to travel over the Christmas and New Year's holidays will find gasoline prices averaging \$1.105 per gallon, the American Automobile Association reported.

AAA's latest fuel gauge survey shows the average price of a gallon of gasoline has dropped two cents since Labor Day but is 10 cents higher than Christmas 1986.

Self-service gasoline averages 92.6 cents per gallon for regular, 96.9 cents for unleaded and \$1.098 for premium unleaded.

Full-service prices are \$1.14 for regular, \$1.19 for unleaded and \$1.308 for premium unleaded.

Self-service prices accounted for most of the decrease in the national average. Gas price averages include self-serve and full-serve prices of regular leaded, regular unleaded and premium unleaded gasoline.

A growing number of Bay State school systems are requiring children to be older upon entry into school, according to a statewide survey.

Forty-three percent of systems responding have changed their kindergarten age requirement during the past five years.

Another 30 percent reported that changing the kindergarten-entry age is under consideration.

The report said that while most states (43) have a statewide cutoff date for kindergarten entry, local school systems in Massachusetts determine their own cut-off date.

The trend to raise the age for beginning kindergarten seems to be based on the relief that older children will have a better chance for success in kindergarten.

BABY TALK

by Jack Resnick

"The after-the-baby blues" usually strikes two thirds of new mothers sometime in the first six weeks of delivery. One minute you seem happy, on top of the world; the next, you may burst into tears or be plunged into what seems like bottomless gloom. Later, you won't even realize that the episode ever happened. You'll probably say, "It just came over me." Your emotional upheavals are quite normal. Anxiety, depression, mood swings, crying and easy distraction are all most natural for the new mother. After all, you've been through quite an ordeal.

Is there a baby due in your family or one already living there? Come to **TINY TOTLAND** where you will find a complete selection of furniture, carriages, mattresses, wall decor, lamps, accessories and toys. We have toys for all ages... "heaven to seven". Valley Area Fastest Growing

Recently published population estimates from the U.S. Bureau of the Census indicate that the Merrimack Valley Planning Commission (MVPC) region is the fastest growing metropolitan statistical area (MSA or PMSA) of Massachusetts. The Census Bureau estimates that the population of the Massachusetts portion of the Lawrence-Haverhill, MA-NH PMSA, which includes 14 of the 15 MVPC communities, grew from 257,026 on April 1, 1980, to 269,500 on July 1, 1985. This numerical growth of more than 12,500 translates to a population increase of 4.9 percent over the five-year period, the highest growth rate of any of the state's PMSAs and MSAs. The only other metropolitan area with a similar rate of population increase was the adjoining Lowell, MA-NH PMSA (Massachusetts part) which grew 4 percent. Metropolitan areas contain more than 90 percent of the state's population.

The Lawrence-Haverhill area also experienced the highest migration growth of any of the Massachusetts areas. While nine of the 12 PMSAs and MSAs lost more pop-

ulation through out-migration than they gained through in-migration (i.e., they experienced negative net migration), the Massachusetts portions of the Lawrence-Haverhill and Lowell PMSAs showed significant positive net migration. The Lawrence-Haverhill area gained 7,100 persons through migration (a rate of 2.7 percent), while the Lowell area gained 4,600 (1.9 percent). The balance of the population increase is due to the greater number of births than deaths.

The Bureau of the Census estimates of population and net migration indicate 1 percent higher population for 1985 than has been previously projected for the Merrimack Valley by MVPC. The difference is primarily due to higher net in-migration activity.

For more information on population growth in metropolitan statistical areas and New England county metropolitan areas, refer to the Bureau of the Census report, "Estimates of the Population of Massachusetts Counties and Metropolitan Areas: July 1, 1981 to 1985" (Series P-26, No. 85-MA-C, October 1987).

Splash Party

The Merrimack Valley YMCA in Lawrence is offering a special holiday splash party during school vacation, December 28, 29, 30 and 31, from 1 p.m. to 5 p.m. There is a small cost per child per day but adults can accompany children free of charge.

Barbara Calnan, president of the Four Seasons Garden Club, attaches a bow to one of the decorations the club placed in the post office for the holidays.

Club Decks The Halls Of Andover Post Office

The Four Seasons Garden Club decorated Andover Post Office for the holidays with wreaths and pinecone arrangements in the lobby and an urn filled with evergreens topped with a red cardinal at the outside entrance.

In November, the civic beautification chairman and her committee—Diane Butler, President Barbar Calnan and Renate Schott—planted spring flowering tulips in shades of red, white and blue on each side of the wall. The garden was designed by Chairman Saliby.

The club's civic beautification project for 1988 will be participating in the landscaping of the new post office on Stevens Street.

Fish Derby

Plans are well under way for the 9th Annual Great Rotary Fishing Derby, sponsored by the Meredith Rotary Club. The derby is Saturday and Sunday, Feb. 6 and 7.

Derby Chairman Gilbert Clark announced recently that the '88 derby will continue last years guarantee of a BIG CASH WINNER! "There's \$20,000 in sure cash giveaways this year. That's in addition to the cash and merchandise up for grabs in the tagged trout contest. There will be over 100 sure winners and the total prize pool for 1988 is again around \$100,000.00!"

The tagged trout part of the derby features a Stingray Maxim Boat II with Shoreland's Trailer and Merc 350 Magnum engine from Trexler's Marina in Moultonboro, a Ford Bronco from Meredith Motors, and \$30,000 in cash awards.

Three new items for this years derby are:

1. No lake trout under 22" in length unless a tagged trout will be entered in the derby. It is hoped that fisherman will release those fish unharmed.
2. There are tagged trout in lakes other than Winnepesaukee.
3. A lake trout censor form will be given to each ticket holder. If they

are returned to Derby headquarters or Box 1210 Meredith by 3/1/88 the form will be eligible for a drawing worth \$100.00.

"Fish legally and freshly caught from all fresh waters in New Hampshire can be entered in the derby", Clark said. Fisherman must be licensed by the state and comply with all the rules of the New Hampshire Fish and Game Department. State Fish and Game officers will be on duty throughout the derby.

Derby ticket forms, complete rules and regulations can be obtained in advance by writing the Meredith Rotary Club, P.O. Box 1210, Meredith, N.H. 03253.

Poinsettias

The United States is considered the prime grower of poinsettia plants. Greenhouse growers in Massachusetts raise more than 3.1 million poinsettias each year with an estimated value of 12 million dollars, according to Warren Shepard of the state department of Food and Agriculture.

Joel Poinsett, the first Ambassador to

Mexico from the United States, discovered the poinsettia growing wild in Mexico in 1828. He was so impressed with this plant that he had some shipped to the United States.

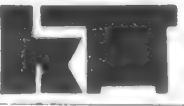

Today's poinsettias are multiflowered and range in many sizes. They are easy to grow and flower. Keep the plant in full sunlight and at a comfortable

room temperature. The soil should be kept moist and the pot should have proper drainage.

Both flies and frogs have been known to catch athlete's foot.

Central Anticipates Andover Move In Evaluation Plan

The first phase of a two-year, \$16,000 curriculum expansion and valuation plan has been completed by a select committee of veteran educators at Central Catholic High School, Lawrence, according to Principal Brother Kenneth V. Hogan, F.M.S.

Research conducted by the three-member committee reveals the presence of a "strong college-preparatory program at Central Catholic." The study also shows evidence of curriculum strength in all program areas and in several cases exceeding expectations identified as vital in the benchmark study commissioned by President Ronald Reagan, "A Nation at Risk."

"Our curriculum stands the test of scrutiny when compared with other private, public and parochial secondary schools. At the same time, we realize the need to look for ways to improve," said Brother Hogan, who has served as Central's chief administrator since 1981.

The study, entitled "Preparing for the Future," is being funded through a \$16,000 grant from the Catherine McCarthy Memorial Trust Fund of Lawrence. Committee Chairman David M. DeFillippo, director of guidance at Central, is joined by humanities department chairman and instructor Warren W. Hayes and science instructor Jeanne R. Burns, who also serves as a consultant to the science curriculum committee of the Roman Catholic Archdiocese of Boston and as a member of NETWORK, a regional educational collaborative. The trio of educators combine for 58 years of experience at Central.

Undertaken in response to the school's need for program evaluation in anticipation of a proposed relocation of Central Catholic to the 100-acre campus of the former St. Francis Seminary and Institute in West Andover, the committee's work has centered on two major areas: evaluation of the present educational program and how to meet the needs of students of the 21st century.

"At this unique juncture in our history, that is, the proposed relocation to West Andover, we have the opportunity to review the past 53 years of education at Central and to plan for the next 53 years," DeFillippo said.

As part of the program evaluation section of the study, the committee is assessing the strengths and weaknesses of the school's total educational program in both curricular and extracurricular offerings. Committee members conducted regional on-site research at five public, five private and five parochial schools deemed exemplary by both national and local valuers. Rounding out the research envisioned in the study, the committee is conducting a survey of Central Catholic graduates of the last six years to determine the quality of their preparation for post-secondary school education.

Given the school's mission and philosophy as a Catholic secondary school for boys, the committee, in close association with faculty and staff, will recommend improvements in the educational program of the school and suggest a plan for the timely implementation of short and long-range goals, according to DeFillippo.

Doherty Seeks 11th Term

Two town meeting combatants will apparently face each other on the annual town election ballot in March.

Moderator James D. Doherty, who has held the one-year position for the past 10 years, will seek his 11th term in the March 28 election. Also taking out nomination papers for the position this week was John Doyle of Reservation Road. Doherty and Doyle have verbally sparred on town meeting floor for the past several years, Doyle doubting Doherty's authority to rule supreme in his conduct of the town's annual business session, while the moderator has continually ruled Doyle to order.

Doherty has been involved in the town's election process for a number of years, serving as a precinct warden for several years prior to his decision to seek the moderator's post a decade ago.

School Committee Hears Consultant's Report Results

By Frank Messina

Looking to review the school system's gifted student program, the School Committee last Tuesday heard a report given by an outside consultant.

Shirley Perkins, who described herself as an outside professional with 20 years of experience in the educational field, gave a brief overview of an interim report on the program and took suggestions from committee members for areas of additional research.

Perkins outlined several suggestions and conclusions about the gifted program, including:

- Implementation of service training options for teachers.
- The need for consistency in leadership and strong coordination from school site to school site.
- Continued improvement of gifted child educational curriculum.
- Review of the definition and application of administration policies.
- Deemphasize the labeling of students.
- Planning activities.
- Expand staff development.

Perkins described her experiences sitting down with students as valuable.

It was here, she said, that students explained to her the difference between hard work and challenging work.

After her presentation, she asked committee members for input.

Committee Member Margo Tilgman asked the board about room in the budget for implementing the suggested changes. She directed Perkins to expand on the hows, whys and effects of labeling of gifted children.

Committee Chairman Susan Poore

With the exception of his years serving in World War II, he has attended every annual or special town meeting since 1937, with the exception of one year when personal business compelled him to miss a portion of one session.

Doyle has been at odds with the town over acceptance of Whispering Pines Drive, property which abuts his, for a number of years. A few years ago Essex County commissioners overruled town meeting and allowed acceptance of the street which further ired the Reservation Road resident, who has asked the town to appeal the commissioners' action, a matter which has been ruled illegal by both the moderator and counsel.

Doyle also has submitted, from time to time, several town meeting articles, dealing with the taking, keeping and maintaining minutes of town meeting action.

Town Clerk Elden Salter reported this week that James Barenboim and Gail Ralston have obtained nomination papers for three-year terms on the board of selectmen.

Other announced candidates include Lawrence S. Spiegel for selectman and David Birnback for re-election to a three-year term on the school committee.

Further election activity is anticipated after the holidays.

Candidates must obtain 93 signatures on nomination papers which must be filed by Feb. 15 at the town clerk's office.

Relatives Of North Andover Family Allowed To Leave Soviet Union

Tatanya Berman of North Andover will have happier holidays this year with the knowledge that her cousin, Broneslava Lurie, and her family will be allowed to leave the Soviet Union.

Berman and her husband, Vitaly, emigrated from the Soviet Union in 1979, when the Luries also applied for a visa, but were denied.

The Bermans sought the help of Congressmen Chester Atkins and Nicholas Mavroules to get their cousins out of the Soviet Union.

Atkins announced the news to the press by conference call from Washington Thursday. He said he'd found out that the Broneslava Lurie, her husband, Michael, and their son, 5-year-old Felix, were granted permission to emigrate.

"It's a wonderful holiday gift to their family," Atkins said. "The Luries had almost given up all hope."

The Luries were told they could not leave because Mrs. Lurie had worked as an errand runner in 1972, when she was 17. Because she would have had access to "classified information," she had to sign papers agreeing to stay in the country for three years. Atkins said most of those errands were for the agriculture ministry.

Atkins sent letters to Soviet officials, including Mikhail Gorbachev, and spoke to the Luries themselves by telephone on Thanksgiving. He and Mavroules have been working on the case for approximately 10 months, he said.

He said six families in the fifth district have been reunited with their Soviet relatives, but dozens of others are still waiting.

Academy Manor Rings In Holidays

Happy holidays.

That was the message (above) of a group of spirited residents of Academy Manor Nursing Home on Morton Street. Musicians from Brooks I, a section of the manor, entertained their fellow residents on Brooks II, on the second floor.

Some 30 singers and musicians performed traditional Christmas music Wednesday, Dec. 16. The event was directed by manor staffers Jennifer Acorn, Nancy Lorenza and Ruth Reola.

Members of Andover's Jewish community also helped the residents experience the spirit of the season. Children from Temple Emanuel, along with teachers and Cantor Donn Rosenzeig, brought Hanukkah to Academy Manor.

Christmas

Suddenly that most joyous of holidays is here. It's Christmas time.

It is traditionally a time when hearts are filled with love and caring and the world, while still troubled, seems a bit happier.

A few weeks ago the holiday itself seemed so far away. There was, in fact, sufficient time for Christmas shopping, for sending greetings, attending parties and the usual events which annually precede the observance.

But what seemed so distant not so long ago, fades into obscurity as last-minute preparations lead to scurrying to complete the shopping list and prepare for the family meal.

While this remains a busy time of year, it likewise is a most pleasant period, bringing out, as it does, the feeling of caring and sharing. Persons pause in their holiday pursuits to think of those less fortunate and to assist in some way to make the holiday brighter for them.

The principal effort of the season is aimed toward making people happy, their gifting, exchanging greetings, gathering of families and attending various holiday parties.

There remains, of course, problems in a world still

seeking peaceful solutions to living in harmony among each other, to eliminating hunger and poverty still prevalent even in our own country and in our area, despite a predominantly affluent society.

But, as we pause at this time of the year to reflect on the peaceful scene in a manger in Bethlehem, we are reminded of our need to be mindful of those problems.

The Holy Birth was meant to offer us a peaceful world, one in which we would live in the spirit of brotherhood and love.

We continue, then, to work toward the spirit reflected through the Holy Innocence toward a world filled with understanding and peace.

As Christmas arrives, with its musical sounds filling churches and airwaves, we are again provided the opportunity to direct our lives toward the principles of the birth of the Prince of Peace.

It is time to enjoy the season of peace, hope and love exemplified in the family gatherings and the holiday visitations which will be plentiful this weekend.

As this most joyous holiday arrives, we take this opportunity to extend sincere wishes that the spirit of the season will offer the inspiration to truly proclaim, "peace on earth, good will to all mankind."

A Merry Christmas to all.

DOWN THE YEARS

75 Years Ago — December 1912

James Gillespie Jr., overseer of the making up and cutting departments of the Tyer Rubber Co., was very pleasantly surprised on his return from dinner Monday noon. The whole force of operatives of these two departments assembled and requested their overseers presence among them. Miss Mary Shattuck in an appropriate speech presented Mr. Gillespie with a beautiful gold timepiece as an indication of the esteem and confidence of those under him.

Several members of the children's choir of the Free church visited the homes of some of Andover's shut-ins on Christmas Day and sang carols which carried with them much good cheer.

50 Years Ago — December 1937

The proposal of Fred E. Cheever for an amendment to the zoning by-law to reduce the size of building lots from 10,000 square feet minimum to 8,500 will probably go before the town meeting, since the board of appeals shows no inclination to make an exception in this case.

A bus full of Haverhill school children came to Andover Monday morning on a sad mission. Their teacher, an Andover resident, was

almost instantly killed shortly after eleven Saturday morning when the car in which she was riding was struck by another car at the corner of Haverhill and High Streets.

"The Princess and the Swineherd," a narrative ballet by Hans Christian Andersen, will be presented under the auspices of the Andover Teachers' Association.

Christmas music will fill the air tonight when the Andover Male choir will inaugurate outdoor carol-singing, the first of what will probably be an annual feature. From 7:15 to 10 they will go to various places in town, winding up at the Male Choir rooms for refreshments.

25 Years Ago — December 1962

The "super-maximum" plan, a \$300 bonus for exceptional and outstanding teachers, adopted at the School Committee meeting Dec. 18 may be short-lived or it may find its way into the 1963 schedule. In fact, the apparent reason why a majority of the Committee voted for it last week is to keep the subject alive for further debate.

Merchants will be told tonight whether they can afford to be for Urban Renewal. A full-fledged meeting has been called for 7:15 at the Library to go over all the financial as-

pects of the vast undertaking.

Conflict of interest—a subject that has plagued many town boards lately, came home to School committee members last week. Town Counsel reviewed the law once and pointed out various ways in which members might get themselves in difficulties.

10 Years Ago—December 1977

Portable classrooms at the high school, voted down by the school committee over a year ago, were revived as an option Tuesday night by the committee to study declining enrollments.

The final chapter of the Andover Consumer's Co-Op is about to be written. Directors of the Andover institution, a gathering place for family food shoppers until forced to close in April, 1975, have voted to pay shareholders \$8.25 for each common share which has a par value of \$5.

The new dog leash law approved by the voters at the October town meeting has been approved by the attorney general, with only one minor change.

Andover merchants report business has been brisk during the Christmas shopping season. Shoppers have taken advantage of the increased hours

THE PUBLIC FORUM

THE TOWNSMAN, DECEMBER 23, 1987

Implemented In A Rush

To the Editor of the TOWNSMAN:

Last week the School Committee and a large number of parents discussed the issues of a Middle School for Andover. Given approximately one half hour to voice our views, parent after parent spoke on the emotional and educational impact this upheaval would have on our now fifth graders at this late date in the school year. There seemed to be large dissatisfaction in the plan to start the program in September of 1988, while the Middle School would not be fully operative. It seems very unfair to our children to place them in an isolated atmosphere while academics fully work out their plan. The children would be separated from the rest of the school population, giving them the feeling of not belonging anywhere.

In our elementary schools we have thus far used sixth grade as a year for the students educational and emotional growth. They are taught the proper study methods needed to make their way through the next six grades. The teachers seem to push them forward towards more independent study and learning habits that they have not used in the more nurturing atmosphere of the previous grades.

This is not so much a matter of the Middle School concept being wrong as its being implemented in a rush that will leave our current fourth graders in limbo while the

administration straightens out the kinks and fully implements their educational plan. It seems so much sounder to do the planning first and then put the school into being.

Expand Program

Dear Dr. Seifert

Now that the soccer season is over in Andover there are a few points we would like aired for discussion.

There are presently, in Andover, legions of kids who participate in soccer from grade 2-10 inclusive. This is also true for other sports but not with quite the numbers when considering both boys and girls teams.

Why, when they reach high school age, do we suddenly whittle the team participation to only one team? Isn't the whole

point in participating in sports to develop body, mind and spirit? How come only the elite get to play? Doesn't everyone who would like to play - regardless of their skill - deserve an opportunity? Maybe there wouldn't be such a moral vacuum in Andover if the sports program could be expanded.

We don't believe money for coaches would be the problem - maybe scheduling the fields would take time. Reintroducing intramurals at the high school is one suggestion.

The kids just want to play; why not provide for them? Maybe a joint venture of the Department of Community Services and the schools would provide the opportunity to involve a large number of children.

Let's hear from other interested players, parents, coaches and officials for positive suggestions to get the ball rolling.

Warrior Hockey Opens Season

Andover High School's varsity hockey team, under four-year coach Charlie Donovan, opened its season this week against Tewksbury and Chelmsford. Gone are forwards Glen Allard, Mark Neaves, Steve Donovan, Brian Costello, Jeff McNeil and Matt Young, defensemen Chris Sapuppo, Dave Curtis, Rob Moody and John Gangi and goalie Chris Hansberry.

Donovan is very encouraged by the hustle, attitude and work ethic of this squad and expects the team to gain momentum as they gain experience and confidence. Leading this year's team are captain Hugh Maginnis and co-captain Chris Patten, both senior forwards. Other returning lettermen are forwards, seniors Rob Stoltz and Lou LoPresti, junior Matt Pothier and sophomore Brent Raftery; defense, senior Pete Trede, juniors Andy Weiner and David Sopp and goaltender Tim Smith. New-

comers include forwards, juniors Chris McAnally, Jack Dalton and Doug Blezinski, sophomores Derek Camarota, Randy Moreau and Frank Morey, defense, junior Chip Stella, sophomores Mark Ruskin and Todd Roycroft and goaltender, sophomore Ed Owens.

The team looked sharp in two preseason games against Boston Latin and Amesbury. This year the squad is in the first North Andover Invitational Christmas Tournament at Merrimack College December 28 and January 2, modeled after the annual Christmas basketball tourney. Participants are Andover, North Andover, Haverhill and Pope John of Everett. The game against North Andover on December 30 will be the first annual Andover Youth Hockey game. Any Andover Youth Hockey members who wears any Andover hockey shirt or jacket will be admitted free of charge and have an opportunity to win a hockey stick.

Tewksbury, ranked number four in the state, ruined the Golden Warriors debut with a 10-2 victory. Tewksbury came out flying, scoring five unanswered goals. The rest of the game was more evenly played as Andover got most of its 31 shots over the final two periods. Matt Pothier got Andover on the board in the second period with an assist to Brent Raftery. Chris Patten got the second goal with assists to Pothier and Patten. Tim Smith, who played very well in goal, was under pressure all night, seeing 48 shots.

Two nights later the Warriors faced Chelmsford, ranked second in the state. The first period ended with a 3-1 Chelmsford lead. Chelmsford's experience, however, wore down the Warriors en route to a 8-2 victory. Andover goals were scored by Rob Stoltz from Hugh Maginnis and Brent Raftery from Andy Weiner. Earns Grid Certificate

Former Andover High School athlete Richard Bourdelais has been awarded his certificate of participation as a member of the University of Rochester football team which set a school mark for most wins in a season and earned the number nine position in the final regular season NCAA Division III National Coaches Top 20 Poll with a 9-2 record.

Richard Bourdelais

Bourdelais, a freshman engineering major, was a reserve linebacker for Head Coach Ray Tellier's Yellowjackets, who finished as the number one ranked team in the ECAC Upstate New York Division III Coaches Poll and seventh in the Lambert-Meadowlands Cup Division III Poll which rates the best team in the East. Rochester, which started the 1987 season with eight straight wins after compiling just a 1-7-1 mark in 1986, advanced to post-season play for the first time in the school's 99-year football history, playing at Wagner in the NCAA Division III National Championship East Regional semifinals. Tied 7-7 at half-time, the Yellowjackets fell to the eventual national champs by a 38-14 margin.

Bourdelais earned three varsity letters at Andover under Coach Dick Collins. He was team captain in his senior year while gaining First-Team All-Conference recognition.

Men Swimmers Show Promise

Down to a handful of competitors last season, the Andover High School men's varsity swim team has 24 members this year and Coach Arthur Perdigao sees great promise for the season.

Andover opened last Friday against defending MVC champion Chelmsford.

Corey Oulette, Albert Garcia, Chris Hart and Craig Der Ananian went 1:53.94 for the win in the 200 yard medley relay.

Oulette led an Andover High School trio of freshmen in the 200 yard freestyle. He placed second with Geoff Schaaque fourth and Paul Mitchell fifth.

Garcia was second in the 200 yard individual medley with Sean Herlihy, another frosh, third. DerAnanian was third in the 50 free with Michael DiMartino

fourth. Scott Goddess and Kyle Marcella were second and third, respectively, in the diving competition.

Co-captain Hart was the Warriors' only entry in the 100 butterfly but he beat the opposition by five full seconds to win the event. He finished fifth in the 100 free while DerAnanian was fourth.

Schaaque finished second in a personal best time in the 500 free with David Grace fourth.

Oulette finished second in the 100 yard backstroke with Fred Hohn fourth. Garcia was victorious in the 100 yard breaststroke in 1:06.16 with Herlihy fourth.

Goddess, Brad Cronin, DiMartino and Hohn finished third in the 400 yard freestyle relay.

Jai alai is often called the fastest game in the world. When in play, the ball can travel at 150 miles per hour.

Vergil "the poet," "the philosopher," "the historian" and "the prophet" were the topics covered in a four-week discussion by members of Andover's Classics Club, under the tutelage of Karl Krumpke, member of the Phillips Academy Faculty.

The Classics Club of Andover has been formed to fulfill the needs of its members for enriching and stimulating encounters with various works, concepts and characters of the ancient world. The goal of the club is to examine in-depth a specific topic, to understand the ideas and beliefs of the time relating to that topic and to consider this in the light of 20th-century thinking. The club meets at times and places designated by the membership and all sessions are under the tutelage of professionals in the classics field.

For further information on membership and upcoming lectures, contact George LeMaitre or Claire Spellman.

The next session of the Classics Club will be held in January and explore Plato's Republic.

praised the preliminary report offered by Perkins, calling it "not only readable, but well-organized."

"It's quite on target with things I've heard in the community," said Poore.

Starting last September, Perkins began gathering information through talks with teachers, administrators and parents. The main goal was to identify the perceived needs of gifted and talented students in the town's elementary school, stated Perkins in her report.

In the preliminary report, she singled out three main issues and after discussing

them in written form, provided the following conclusions:

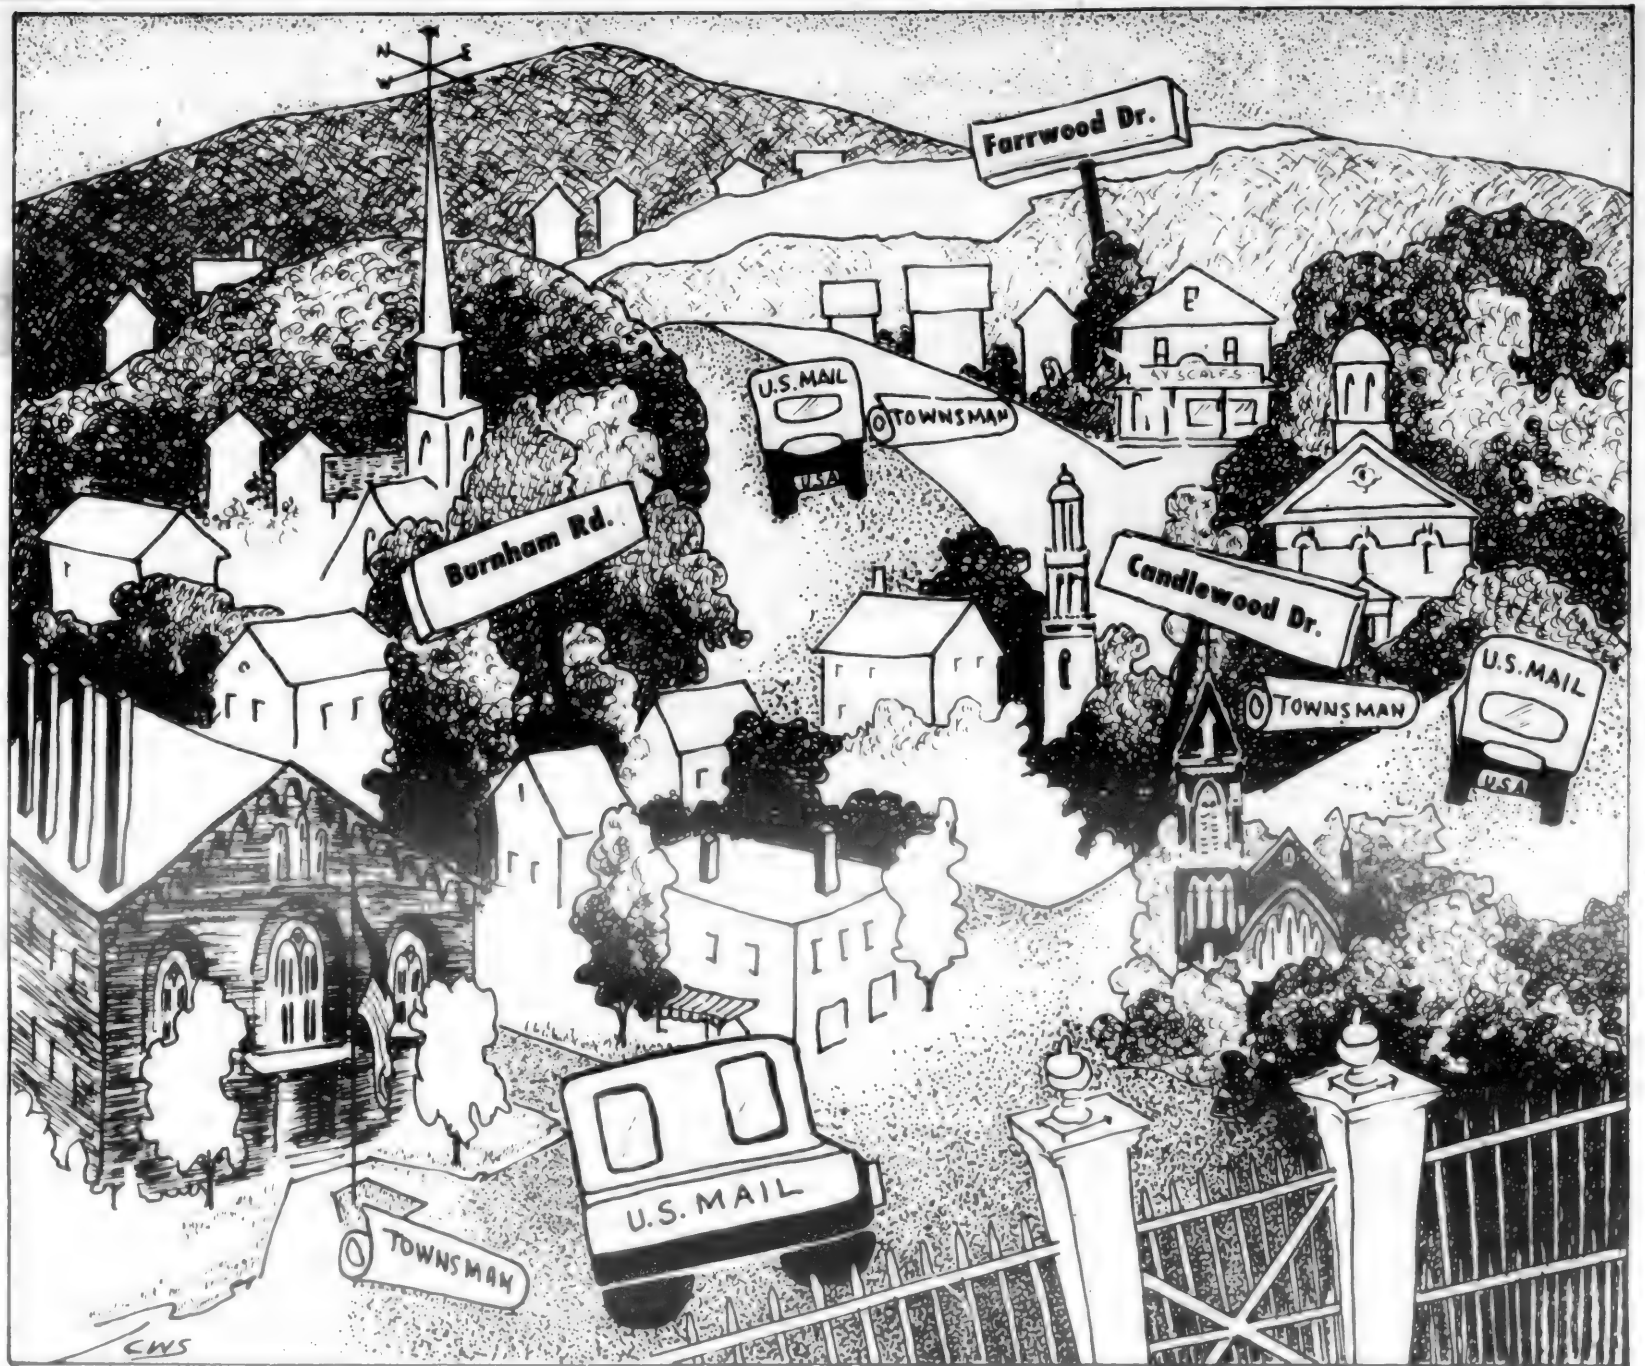

• "For some intellectually able students there is an academic mismatch between the student and Andover's current educational program" was the first issue.

In part, her conclusion stated that research and experience have shown that instructional programs for many intellectually able students can be significantly accelerated or advanced without adverse consequences. Andover needs, "to provide for more flexible pacing of instruction in the basic education program so

that intellectually able students can master skills and content at a rate and to a level that challenges their abilities," the report states.

• "The commitment of Andover educators to provide challenging instruction to gifted and talented students exceeds their resources to do so," was the second issue brought out by Perkins in the report.

In her conclusion, Perkins points out that parent and school volunteers rather than specially trained personnel "typically offered in other school systems" have been the backbone of the gifted program.

St. Robert's Grabs Lead

By Rick Harrison

St. Robert's A has grabbed the early-season lead in the senior division (13-15 years) of the Andover Church Basketball League, featuring a solid defense in victories over St. Augustine B (27-18) and Ballardvale United (27-16).

SRA is the lone team at 2-0. The only other undefeated club after just two rounds is St. Augustine A (1-0 and bye).

In other first-week games at West Junior High School, St. Augustine A edged past St. Robert's B 39-36 and Ballardvale trimmed South Church 34-23.

Additional second-week action saw St. Augustine B nip St. Augustine C 37-31 and St. Robert's B handle South 38-17.

St. Robert's A, 27-18

SRA and St. Augustine B battled on even terms for three quarters (SAB led 15-14), both teams employing full-court defensive pressure periodically. However, in the final period the winners used a balanced attack and took full advantage of St. Augustine turnovers to key a decisive 13-3 run.

Kevin Lewis led the scoring with 7 points,

(Continued from Page 51)

Chris Dziadosz netted 6, Scott O'Leary 5, Dan French 4, Marc Selvitelli 3 and Bill Sullivan 2. Chris Klein and Dave Gardner also played well.

Paul Bernardin and Matt McClune paced St. Augustine B with 6 points apiece, Tom Torrisi pocketed 4 and Paul Lisiak 2. St. Augustine led 6-4 after one quarter and it was tied 11-11 at halftime.

St. Augustine A, 39-36

Brendan Sharkey hit three consecutive outside shots in the final two minutes to lift St. Augustine A to its dramatic win over St. Robert's B.

The clutch shooting wrapped up a 12-point afternoon for Sharkey, whose first 20-footer tied it 33-33 before successive 20-footers turned a 35-34 lead into a 39-34 cushion with seconds left. Joe Marinaro contributed 10 points, Jim D'Angelo and Chris Folz added 4 each, Mark Shapiro 3 and Dallas Babineau, Mike Lebreck and Mike Platti notched single baskets.

Jason Blandini finished with a game-high 18 points for SRB. Kevin Ring netted 8 points, Adam Ferry 2, Brendan O'Leary a pair of free throws and Todd Green two foul shots.

SRB kept it close with its performance at the free throw line, hitting 16 of 27 charities to just one of three for St. Augustine A. The winners, conversely, managed a wide 19-10 advantage in fieldgoals.

St. Augustine A led 14-4 after one period, trailed 20-18 at halftime and regained a 29-26 advantage after three.

Ballardvale, 34-23

George Bilger powered a 14-2 first-quarter rush by Ballardvale United, scoring eight points and BU then played South even the rest of the way.

Bilger emerged as game-high marksman with 14 points, while Adam Guild delivered 7, Ken Harvey 4, Andy Leinson 4, Mike Henry 3 and Gary Znamierowski 2.

Matt Grant led South's counter-assault with 9 points, Chet Haris had 6, Todd Gray 4, Jonathan Usher 2, Mark Lastrina a free throw and Doug Cullen a foul shot.

Matt Doyle and Rob Bendle played well for South, as did Dave Livingston and Jim Clementi for Ballardvale.

St. Robert's B, 38-17

SRB simply had too much firepower for South, breaking open a tight 9-7 game with an 18-7 scoring edge over the middle two periods.

Todd Green paced the winner's diversified nine-player offense with 9 point, hitting seven consecutive free throws and seven of eight for the game. Kevin Ring pumped in 6 points, Jason Blandini 5, Pete Caramanis 4, Adam Ferry 4, Bill Tobin 4, Chris Shea 3, Ian Timmons 2 and Mark Baker a free throw.

Matt Grant popped in 6 points for South, Todd Gray 5, Chet Harish 3 and Rob Bendle 3. Peter Arthur and Adam Cohen also played well.

St. Augustine B, 37-31

A 13-4 second-quarter spurt by St. Augustine B keyed this victory over St. Augustine C.

SAB built a 23-11 halftime lead, but had to fight off a strong challenge which was hampered by the fourth-period absence of Don Lane (fouled out with 3:28 left) and Mike Cowhig (sprained ankle).

Jamey Lionette, Matt McClune and Paul Lisiak canned 8 points apiece. Paul Bernardin added 6 points in the pivotal second quarter, Bobby Lee had 4 points, Martin Dugal 2 and Mike Torrisi a second-period free throw.

Chris Zappala was game-high for St. Augustine C with 11 points. Mike Cowhig tossed in 7 points, Don Lane 4, Greg Gigliotti 2, Nathan Mullett 2, Rich Radulski two free throws and Mike Santangelo a pair of charities.

St. Robert's A, 27-16

SRA once again had a tussel for one half, but broke open a tie game (8-8) with an 11-2 third-quarter run.

E.J. Hayes settled the issue for good at the start of the fourth quarter, burying a

census form. It is important that you return the completed form so you will be eligible for programs and services to Andover senior citizens. The Council on Aging uses the census book for proof of residency for many programs, including classes and cheese distribution. Completed census forms may be dropped off at the senior center.

If you need postage stamps and want to avoid the long lines at the post office, you can buy stamps at the senior center. Stamps are available at a cost of \$2.20 for a book of 10 stamps.

The Department of Community Services Winter Program will soon be in the mail. Watch for this booklet which features classes, workshops and trips offered at the senior center during the winter session.

The out-of-town fare on the Wee-bus will increase to \$1.50 each way on January 1 for transportation from Andover to Lawrence, Methuen or North Andover. This is the first out-of-town fare increase since the program began in 1978.

Do you have questions about programs and service available to older people in the Greater Lawrence area? If you do, you won't want to miss the Elder Information Fair sponsored by Elder Services of the Merrimack Valley on Saturday, Jan. 9, at the Methuen Mall from 9:30 a.m. to 10 p.m. The Andover Council on Aging and other service providers will answer questions on programs and services.

asked to research by the School Committee at last week's meeting.

The principals unanimously agreed that sending sixth grade students to a new middle school would free up space that is badly needed for fine arts programs.

One told parents that the real "orphan" in September, 1988 would be this year's seventh grade pupils. The current fifth and sixth grade classes would be moving into middle school together, the principal said.

**On the Autobahn,
the sports sedan Germans prefer
isn't a BMW 325 or a
Mercedes-Benz 190.**

Come see the new Audi 80s.

It's no secret the Germans are among the most demanding drivers in the world. And, it just so happens the sports sedans they demand most are the Audi 80 series, Audi 80 and 80 Quattro.

Well, now they're here and available to equally demanding American drivers.

In 1988, the permanent all-wheel drive system of the new Audi 80 Quattro perhaps best exemplifies Audi's commitment to automotive advancement. This worldwide rally-proven system has been refined to include a new TORSEN[®] differential that automatically distributes engine power to all four wheels.

The new Audi 80, meanwhile, is equipped with reassuring front-wheel drive.

The shape of both cars is very distinct and almost aerodynamically perfect.

Their interiors are engineered with the driver in mind. Controls for features like air conditioning,

electronic cruise control, AM/FM stereo cassette, power windows, power locks and power mirrors are all conveniently within reach.

They also happen to be the only sports sedans in the world featuring 100% galvanized steel bodies: backed by a 6-year limited warranty against corrosion perforation and a 3-year/50,000 mile new vehicle limited warranty. See us for the details.

With all the 80 and 80 Quattro have to offer and with a starting price of \$19,095* they truly represent an outstanding automotive value.

To fully appreciate these remarkable Audis come in for a test drive today.

Only then will you understand why these exciting new sports sedans are sold out in Germany, and are out-selling their two venerable German competitors.

Bob Sheehan displays the new Butler System.

Executive Cleaning Services, Inc.: Cleaning Experts

Bob and Elizabeth Sheehan are providing a service that is especially needed now that we are living in the age of the two-income family. As much as we care about the furnishings of our homes, we just don't have the time to properly maintain them.

That is where Executive Cleaning Services, Inc. of Lowell comes in. And, come in, they do...literally, with their new Butler Van Powered carpet and upholstery cleaning equipment.

The new equipment is permanently secured in the van which comes ready to supply

its own water and electrical power. The only equipment taken into your home are the hoses for applying the cleaning solution and for vacuuming. Executive Cleaning Services is equipped with 800 feet of hose, enough to do multi-story cleaning jobs. The Butler System sprays a cleaning solution into the carpet under 500 psi. The vacuum then extracts 95 percent of the water based solution, therefore cutting the drying time to a minimum.

Bob has owned and operated Executive Cleaning Services since 1984. This is a full janitorial service, including the

maintenance of windows, hardwood floors, carpets, upholstery and draperies, and is available residentially and commercially.

With the inclusion of the Butler System, Executive Cleaning Services offers it all. Call 459-6223 today and make an appointment for a demonstration of the new Butler carpet and upholstery cleaning equipment or for a free estimate.

Attention: Builders. New construction cleaning is another specialty of the Executive Cleaning Services, Inc. Call Bob for further information.

By DOUGLAS N. HOWE

REALTOR

WILL NEW TAX CHANGE VALUE?

Even after tax reform, there will still be no place like home for cutting your taxes. That's because the mortgage interest on your residence will remain fully deductible. True, your mortgage write-off will save you somewhat less under a system with lower tax rates. A homeowner who is now in the 50% bracket saves \$10,000 on a mortgage deduction of \$20,000, while the same write-off would cut his tax bill by only \$5,400 were the rate to drop to 27%. (However the amount of tax on your income would drop the same percentage also).

Nevertheless, most analysts expect that tax reform will not significantly depress the value of your home. Home-buying decisions are made mainly on the basis of interest rates and prices. As long as the mortgage deduction continues, the relatively minor impact of lower tax rates shouldn't hurt demand for personal housing.

.....

If there is anything we can do to help you in the field of real estate, please phone or drop in at THE HOWE AGENCY, 4 Peachard Ave., Andover. Phone: 475-5100. We're here to help.

REAL ESTATE GUIDELINES

Schruender Real Estate

IS OWNERS' TITLE INSURANCE A GOOD IDEA?

If you finance your home, your lender will require you to purchase title insurance for the amount of your mortgage, and you will be given the option of increasing the coverage to include your equity in the property. Most experts agree that the additional coverage is a good idea.

Before your sale is finalized, the settlement attorneys will inspect the public records and ensure that the sellers really do own the property. They will also look for any liens that may have been filed against it and must be paid off before the property can be sold to you. Even the most careful search, however, cannot guarantee that at some point during the chain of ownership there was not fraud or error involved in one of the transfers of title. Owner's coverage is a one time charge that protects your equity in your new home, including a large percentage of its appreciated value. It's one of those things you'll probably never need, but if you do, you'll be very glad that you have it.

If there's a move in your future, the real estate professionals at Realty USA Schruender Real Estate are ready to serve you. Call us at **685-5000** or drop by our offices at 73 Chickering Road, North Andover.

ANDOVER TOWNSMAN

DECEMBER 23, 1987

January Trial Dates Set

Legal action in two unrelated cases for alleged crimes committed in Andover has been continued to January.

Constance Morris, accused of fatally injuring a local teenager while driving under the influence of alcohol, will face trial in Salem Superior Court on Jan. 11. An attorney for James C. Stearns and his wife, Rita, charged with drug trafficking and stealing \$8,000 in equipment from Andover High School, will be in the Salem court Jan. 7 to offer defense motions for dismissal.

Police say Morris, 42, of Tewksbury, was legally drunk when she allegedly failed to stop at a flashing red light at the intersection of Haverhill and High Street last February.

Crossing the intersection at the same time was a Dodge convertible driven by Ramsey Lynch, 17, of Andover. The two vehicles collided and Lynch, along with his passengers, Andover residents Peter J. Cookson, 15, Scott Livermore, 15, and Daniel

McDonald, 15, were thrown from the car.

Cookson died from his injuries at Lawrence General Hospital. Livermore and McDonald suffered serious head and back injuries from the accident.

Morris, who is employed as a dispatcher with the Tewksbury Fire Department, later registered .08 on a police breath alcohol test. She is charged with two counts of driving under the influence of alcohol and one count of vehicular homicide.

James Stearns, 31, and Rita Stearns, 29, were arrested at their North Andover home in August following a raid carried out by the combined forces of the Andover and North Andover police departments.

After searching the premises for three hours, police found about \$8,000 in merchandise reported missing at Andover High School. Also discovered was a quarter pound of marijuana and paraphernalia associated with weighing and packaging marijuana for sale.

Although James Stearns was employed as a custodian at the high school, Andover Detective David Grant said there was no indication that he sold marijuana to students there.

The Stearns first came under suspicion two months earlier when police arrested another Andover High janitor, Gary Acciard, for burglary. As details of Acciard's case became clear, the Stearns' were implicated.

Among the items recovered at their home were an Apple computer and printer, a cable television box,

athletic equipment and many other smaller items that had vanished from offices and classrooms at Andover High.

The couple were charged with receiving stolen property and possession of a class D (marijuana) substance with intent to distribute.

In addition, James Stearns was also charged with seven counts of larceny over \$100 and malicious damage over \$100.

Both Stearns' and Morris are free on bail.

MVRTA Has Holiday Schedule

The Merrimack Valley Regional transit Authority has released the following schedule for Christmas Day, Friday, Dec. 25, and New Year's Day, Jan. 1: no local bus service; no Weebus

service in Andover, Methuen or North Andover; no Intown Shuttle service in Andover or Lawrence. Commuter rail service will run on holiday schedule.
